

# *Support On Demand*

**Reduce risk. Reduce costs. Focus on business**

**Start reaping the benefits of Support On Demand today**

**You purchase time as you need it** – We are available to support you as needed. We will support your IT operations and give advice but you call the shots.

**Areas to consider:**

- Microsoft servers – All versions
- Linux servers – Take advantage of Open Source software
- PC/laptop replacement or upgrade including software & data transfer
- Printer installation & support
- Security – internal & external to your network
- Virus & Malware protection
- Shared data storage management
- Remote operations
- FTP operations
- IT support for 3<sup>rd</sup> party software
- Wireless networking
- Smart phone & Tablet support
- VOIP support

You use as little or as much service as you need – You call the shots.
